6th Line Road Rehabilitation – 5th Sideroad to 20th Sideroad

Road Rehabilitation Notice

Dear Resident,

The Town of Innisfil will be completing a Road Rehabilitation project on 6th Line from 5th Sideroad to 20th Sideroad. The Town of Innisfil has awarded the construction contract to Miller Paving Ltd. As part of this project, the Town has already completed culvert replacements under the road. The remaining work will include pulverization of the existing road, base stabilization, reshaping with granular materials, and topping with a new surface.

Construction Schedule and Working Hours

The contractor is scheduled to mobilize on June 22, 2026, and the work is anticipated to be completed within 6 weeks (weather depending), most works will take place between 7:00 a.m. and 6:00 p.m. Monday to Friday. However, limited work on Saturdays may be required. Residents may experience temporary disruptions, including noise, dust, and construction-related activity, while crews are on site.

Public Road Access and Traffic Disruptions

Traffic disruptions will occur during construction, but driveway access to your residence or business will be maintained throughout construction. Please refrain from parking your car on the road during construction hours.

Please note that full road closures will be implemented by road section. This means the entire road will not be closed at the same time; closures will move along the 6th Line as work progresses. During these closures, access will be permitted for local traffic only, school buses, waste collection and emergency services.

Detours will be set up using 4th Line, 5th Line, and 7th Line, as required, for other motorists.

Additional Information

We thank you in advance for your patience and cooperation. Should you have any questions or concerns related to this project, please contact Customer Service at either 705-436-3710 or [Innisfil.ca/ContactUs](https://www.innisfil.ca/ContactUs).
